STRICT PREVENTIVE MEASURES AT BELAU NATIONAL HOSPITAL REINSTATED

The Ministry of Health and Human Services would like to inform the public that the following measures will be reinstated and/or strongly enforced at Belau National Hospital, EFFECTIVE IMMEDIATELY, in order to prevent the exposure and spread of COVID-19 and other communicable diseases to patients and healthcare workers.

- Visiting hours are suspended, and no visitors will be allowed in the Hospital wards.
- Admitted patients will be allowed only one (1) attendant at all times.
- Movement is limited inside, and in and out of the Hospital.
- Masks are mandatory inside the Hospital and other MHHS facilities and will be enforced.

Essential items may be delivered by the entrance to the Hospital Wards between 6pm – 7pm. Staff will then bring items to admitted patients.

Due to the rise of COVID-19 cases amongst admitted patients, MHHS appeals to the community for understanding and to comply with these preventive measures to protect our vulnerable population.

If you have any questions or need further information, you may contact the COVID-19 hotline during regular working hours.

Thank you.
